Hello Again,

Guild trek is the second mission available for Immortal Soulhunters. Trek is a 20 min quest to find a number of locations (Random from a pool of 150 locations). There are three (3) tiers and increase difficulty by increasing the number of locations needed to be found.

Tier 1 5 Locations

Tier 2 10 Locations

Tier 3 20 Locations

When mission is activated players can access the mission screen (Guild, Upgrades, Mission) and see the location randomly selected. Hovering your mouse over a location name will display a small location picture. Use the picture and name to identify the location area. A location is found when you locate a Gold Circle based on name and picture, enter it, and press 'F'.

A link is provided above to the Dulfy mission page. Please get familiar with some of the locations. Some locations may require small jumping puzzles to obtain, or may not be readily visible and may need to be searched for.
